

REMARKS

Allowance of Claims 72-87 and 91-93 is noted with appreciation.

Claims 88-90 have been rejected under 35 USC 112, the Examiner alleging that these claims are indefinite for various reasons stated. Reconsideration of these claims (now presented as amended Claims 88, 89 and new Claims 94, 95) is respectfully requested.

Claim 88 has been amended to confirm that "said graphic display containing an intermediate planar member" is the same "graphic display containing an intermediate planar member" recited in Claim 87 by changing "an" to --said--.

Claim 89 has been amended to confirm that "an installed insert combination" is the same insert combination installed pursuant to Claim 88 by changing "an installed" to --said--.

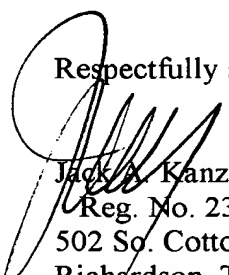

Claim 90 has been canceled and rewritten as Claims 94-95 to provide the required antecedent for "said display exposing frame."

Claim 87 has been amended to correct a typographical error.

Since Claims 1-71 and 90 have been canceled; since Claims 72-87 and 91-93 have been indicated allowable; and since the Examiner's objections to Claims 88, 89 and 90 (now presented as amended Claims 88, 89 and new Claims 94, 95) have been cured; it is respectfully requested that Claims 72-89 and 91-95 be formally allowed and the case advanced to issue. An early action to that effect is earnestly solicited.

In the event a telephone conference could resolve any outstanding issue, a call to the undersigned is invited.

Respectfully submitted,

Jack A. Kanz
